We strongly encourage students to begin their preparation early to ensure they are ready for the test. A solid preparation plan provides the path to achieving the best possible score.

FIS CCA RECRUITMENT

On 17th January, FIS hosted its annual Co-Curricular Activities (CCA) recruitment for all incoming freshmen.

As a core part of Singapore's education system, CCAs play a crucial role in fostering not only intellectual curiosity but also physical, social, and emotional development. At FIS, we embrace this holistic approach, aligned with Singapore's educational model, to ensure our students thrive in all aspects of their lives. FIS offers a wide range of CCA options, from soccer and hiking to dance, allowing students the freedom to choose activities that best suit their interests and passions.

CHINESE NEW YEAR CELEBRATION

On 28th January, the school came together to celebrate Chinese New Year with a lively event featuring performances by the music, dance, and martial arts CCA groups. Students also took part in a Chinese New Year art and craft session, where they made dou fang – square-shaped decorations adorned with auspicious phrases commonly seen during the festival.

These beautifully crafted decorations not only were also shared with the Red Crowns Senior Living nursing home in Singapore. The decorations helped uplift the spirits of the elderly residents, bringing a festive and joyful atmosphere to their surroundings during the Chinese New Year celebrations.

To conclude the event, our Senior Principal, Ms. Li Wei, personally offered her blessings to the students with red packets, wishing them a smooth year ahead and success in their academic endeavours.
